OCEAN HOUSE

ELLINGTON

An exclusive collection of oceanfront residences surrounded by an oasis of palm trees and abundant flora and fauna delivering dramatic views of the ocean's turquoise water.

Provident.

A home of unique experiences curated for residents
seeking a lifestyle incomparable to anywhere else

An aerial photograph of The Palm Jumeirah in Dubai, United Arab Emirates, taken during the "golden hour" of sunset. The crescent-shaped artificial island is visible, with its iconic Atlantis The Palm hotel at the tip. The surrounding waters are a deep blue, and the sky is filled with soft, wispy clouds illuminated by the low sun. In the background, the dense skyline of Dubai's city center, including the Burj Khalifa, is visible across the water.

A continuation of a design legacy on the Palm's Northeastern Crescent

Palm Jumeirah embodies a modern era of leisure and innovation. Yet through its relationship with the sea, it is forever linked to Dubai's maritime heritage by 17 fronds and a crescent-shaped outer beach reconnecting the city with the restorative effects of the ocean.

Far more than an island, The Palm is a true marvel of engineering symbolic of the region's yearning for individualism and modernization.

Discover a new state of flow

Ocean House is a design identity that links the fluidity of the ocean to the curves of the property's architecture. Using soft shadows and intricate textures, it communicates a seamless state of flow.

Every detail matters

In both its interior and exterior, Ocean House's design language exudes uniqueness and embraces the unexpected. Contemporary unprecedented layers and shapes, clean travertine tones, natural woods and the masterful use of natural light reflect a design philosophy in which elegance and appreciation for sleek structures become then the ultimate expression of luxury.

A modern, curved building with large glass windows and balconies, surrounded by a lush garden and a swimming pool. The building features a series of white, curved balconies and large glass windows that reflect the surrounding environment. The garden is lush with green grass, palm trees, and other tropical plants. A swimming pool is visible in the foreground, with lounge chairs placed on the grass nearby. The overall scene is bright and sunny, with a clear blue sky.
